

Declaration Guide for Exports to a Third Country

Following Britain's exit from the EU there is now a Transition period until the end of 2020

On completion of the transition period Export requirements on goods being shipped to the EU from Jersey will commence, as the EU will be classed as a Third Country.

Direct & Indirect Exports to a Third Country

Where goods are exported **directly** from the Channel Islands to a place outside of the Customs territory, a digital export declaration will need to be submitted by the exporter or a clearance agent on CAESAR in advance of the corresponding export manifest. It will be necessary to attach the export declarations to the manifest.

To create an '**Export Declaration**' the exporter should visit www.customs.gst.gov.je and create an account by registering.

To Register - select the register option and proceed through the fields.

If you have an account already - Login and follow the guide.

The screenshot shows the gov.je website header with the Jersey coat of arms and the text "Information and public services for the Island of Jersey" and "L'information et les services publyis pour l'Île dé Jèrri". The navigation bar includes "Home" and "Contact us". The main content area features the heading "Pay your Goods and Services Tax (GST) and customs duties" and two options: "I want to clear my goods through customs" with a green "Continue" button, and "I want to claim relief" with a grey "Continue" button. Two red arrows point to the "CAESAR login" and "Register" links in the top right corner of the header.

Once you have access to your account – there is a red bar at the top of the screen [as shown below] – click on the heading **Export Declarations** – click on this and a drop down menu will appear, then select **Create Declaration**.

The screenshot shows a user account interface with a red navigation bar at the top. The navigation bar contains the following links: [Manifests](#), [Consignments](#), [Import Declarations](#), [Export Declarations](#), [Clearance Agent](#), [Small Commercial Carrier](#), [Payments](#), [Refunds](#), and [My Info](#). A white arrow points to the **Export Declarations** link. Below the navigation bar, a dropdown menu is open, listing the following options: [Create Declaration](#), [My Declarations](#), [Search Declared Items](#), [Add Export Duty Notification to This Account](#), [Add Export Declaration as Carrier](#), [Search Export Declaration as Carrier](#), [Detained Export Items](#), and [Upload My Export Declaration](#). A white arrow points to the **Create Declaration** option. The main content area on the left shows a welcome message for Shirley Brossman (account number B6622) and a **Statement of Account** section. Below this, there is a section titled **Add Consignment to This Account** with a text input field for the CLC number. On the right side, there is an **Options** section with a link for [Apply for Approved Status](#).

Export Declaration - Following fields to be completed:

1. EORI [Economic Operator number] - if you have an EORI number complete this field, or leave it blank.
2. The seal number can be left blank, agents to be advised.
3. Reference box - create your own reference number [Line ID] – this number should be retained and made available for the carrier / shipper.
4. The reference number and any supporting paperwork should be retained and presented to Customs upon request.
5. Once complete, proceed to declare the item[s], if more than **one type** of item - a separate line should be declared for each item.
6. If you have created a 'Customer list' you can enter the **EORI** number, or the **Name** by selecting 'Find Customer'- shown below.
