Physical activity

- 8.1 How many times in a typical week do you normally undertake sport or physical activity to moderate or vigorous intensity for 30 minutes or longer** (this may be built up in spells of at least 10 minutes)?

Moderate intensity sport or physical activity will raise your heart rate and make you breathe faster and feel warmer (for example: brisk walking, cycling, doubles tennis, manual work as part of your job, gardening etc.) One way to tell if you're working at moderate intensity is if you can still talk but can't sing the words to a song.

Vigorous intensity sport or physical activity makes you breathe hard and fast. If you're working at this level, you won't be able to say more than a few words without pausing for breath (for example: running, swimming fast or sport such as football or hockey).

- ⁰¹ None
⁰² Once
⁰³ Twice
⁰⁴ Three times
⁰⁵ Four times
⁰⁶ Five or more times

-
- 8.2 Thinking about the total time doing sport or physical activity that you told us about in question 8.1, about how many minutes of it would be *moderate* physical activity, and how much *vigorous* physical activity?**

Moderate intensity sport or physical activity will raise your heart rate and make you breathe faster and feel warmer (for example: brisk walking, cycling, doubles tennis, manual work as part of your job, gardening etc.) One way to tell if you're working at moderate intensity is if you can still talk but can't sing the words to a song.

Vigorous intensity sport or physical activity makes you breathe hard and fast. If you're working at this level, you won't be able to say more than a few words without pausing for breath (for example: running, swimming fast or sport such as football or hockey).

Minutes of ***moderate*** physical activity in a typical week, (if none – please write 0)

Minutes of ***vigorous*** physical activity in a typical week, (if none – please write 0)

-
- 8.3 What would encourage you to do more sports or physical activity?** (*Tick all that apply*)
