

Veterinary Surgeons (Jersey) Law 1999

Application for an Open Licence to carry out Artificial Insemination

To carry out artificial insemination (AI) of livestock, you must be a registered veterinary surgeon in Jersey or receive written approval from the States Veterinary Officer. You will have to provide evidence that you have successfully completed an AI training course under the direction of a veterinary surgeon.

Applicant details

Important information:

Before signing this form please read the following consent information carefully. It explains how your information will be used and provides a brief description of your rights under Jersey's Data Protection Law. For further information on how the Department of the Environment handles personal data please visit www.gov.je/howweuseyourinfo

Your consent:

I confirm and agree:

- That this application is made with my authority and the information supplied in this form is accurate to the best of my knowledge; I am aware that it's an offence to knowingly submit false or misleading information with an application.
- To the information supplied in this form, together with any other accompanying information, to be used for the purpose of processing my application for an open licence to carry out Artificial Insemination in accordance with the Veterinary Surgeons (Jersey) Law 1999.
- That you will not use my personal information for any other purpose, without my permission, unless it is legally required to do so.
- I understand that under Jersey's Data Protection Law I have the right to withdraw my consent to the further processing of my information. However, I understand that this may cause delays in administering my application, affect the issue of a licence or cause me to be in breach of other legal requirements. (Should you wish to exercise this right please contact us on tel. 441600)
