I can understand to some extent the request from Deputy Bailhache as it is an amendment directly linked to a proposition. However, moving a distinct proposition (P48) for the convenience of one member sets quite a precedent. Therefore, I cannot agree to that. Re the amendment, again, it does set a precedent that we all have to consider carefully. Many thanks.

Morning

I'm going to be away at the end of the week and will be requesting that P.48 (Gas Place Meanwhile Use) be taken as the first item of business on Tuesday afternoon so what Philip is asking for would also suit me well please.

Thanks

Kr Simon

Dear Sam

I will unfortunately be absent from the States on Tuesday 8th July [REDACTED] Having lodged amendments to the above draft Law I would obviously like to be present for the debate and I wonder if you might be prepared to allow P.24/2025 to slide down the Order Paper so that it is the first item to be dealt with on Wednesday 9th July? I would be most grateful if this were possible.

Kind regards

Philip
