Dear [REDACTED]

Project Name: GOJ/2019/SAM/001 Vista Work Order:

Following on from the PFOS testing you have carried out for my team in Jersey, is there any chance you could send me a brief method statement of testing as a matter of urgency (analytical procedures).

This is for the Modified EPA Method 537 for PFOS only – Solid and Milk

I need this to accompany the report that is being published with the results.

Sorry for the great urgency.

Many thanks
