

*'Do you, or the organisation on whose behalf you are responding, hold a strong view on whether or not assisted dying should be permitted?'*

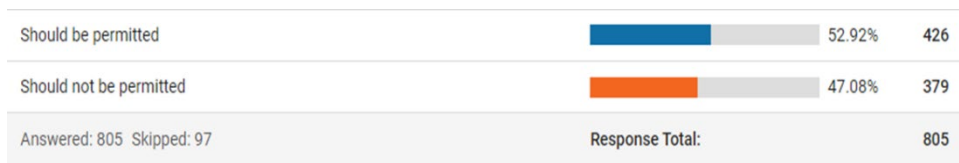

Those who responded 'yes', were then asked:

*'If yes, do you think assisted dying:*

*Should be permitted*

*Should not be permitted'*

It should be noted that 'supportive of' and 'opposed to' are broad terms and within the responses received, a wide range of views and different opinions were stated.
