Subject:

Business Connectivity Presentation - JCRA Offices, 10.30 - 12pm, Wednesday 11 March

Date:

Friday, February 27, 2015 14:13 GMT

You are invited to a CICRA presentation and workshop on Business Connectivity

The aim of the workshop is for stakeholders to engage with CICRA's work on Business Connectivity and to

- * set out the regulatory environment for business connectivity going forward,
- * explain the framework - what CICRA can/should deliver within the current framework

We also want to explore what we can expect the market to deliver and what are the obligations on incumbents and other operators, and what if any, are the remaining barriers in the market.

Kind regards
