Mr M Thomas  
Ports of Jersey  
St Peter  
Jersey  
JE1 1BY

19 June 2020

Dear Matt

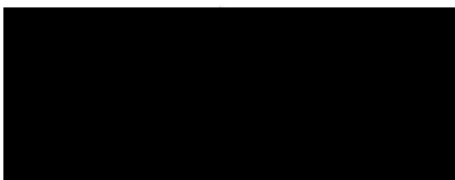

**Demolition of 1937 terminal building**

It won't have escaped your notice that this matter has been receiving increased scrutiny and media coverage over the last couple of weeks.

In the light of the Director of Civil Aviation's review and the upcoming debate by the States Assembly of Deputy Labey's proposition, I am writing to request that Ports of Jersey discontinues any further planned works on the terminal building until the outcome of both of these events is determined.

I anticipate writing to you further as matters develop but, in the meantime, would be grateful for confirmation that the works will be halted.

Yours sincerely

Deputy Lindsay Ash  
Assistant Minister - Treasury and Resources
