The Comptroller  
The Growth, Housing & Environment Department.

Dear Sir/Madam,

Please excuse the note paper used to express my point of view concerning the current 30mph speed limit existing along the des l'Île roadway from Longville Road towards Port Daniel Road and a request to lower the present limit to 20 mph from just before the point by the ferry bus stop footpath across point/Fox's business premises leading to the chicane area where it meets Port Daniel Road. I had hoped to raise this issue verbally at the St Saviour's Parish Hall meeting concerning meeting this date but [REDACTED]

P.T.O.

② at the last minute so I felt I had to write a quick letter to cover events.

Although statistically not many road traffic accidents or accidents of a serious nature may have occurred since the creation of the original road widening when Milady Lane Estate was created in 1968/9 at Kerecumb, morekelan, due to increased creation of business premises/dwellings in the parish / Port Dover Road School etc., I feel the present 30 miles per hour speed limit is too high and should be reduced over the area I have mentioned. Additionally the area is bounded by narrow pavements and garden walls offering no avenue of retreat for pedestrians.

Motorists have a tendency to drive up to the maximum speed limit and I feel that the area I have suggested should be trialled by a competent driver such as the Police/driving licensing department

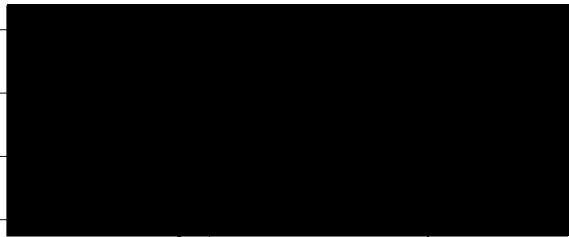

(continued 3)

③

over the "chicane" length in support or otherwise of this proposal, otherwise I feel a serious road traffic is just waiting to happen.

I appreciate that Reader has found is a 'Stakes' road but nonetheless a 'Parish' viewpoint, if in agreement should be forwarded to the appropriate States department.

Yours faithfully,

40 is acceptable in most areas, if drivers used common sense, they would slow down if conditions dictated.

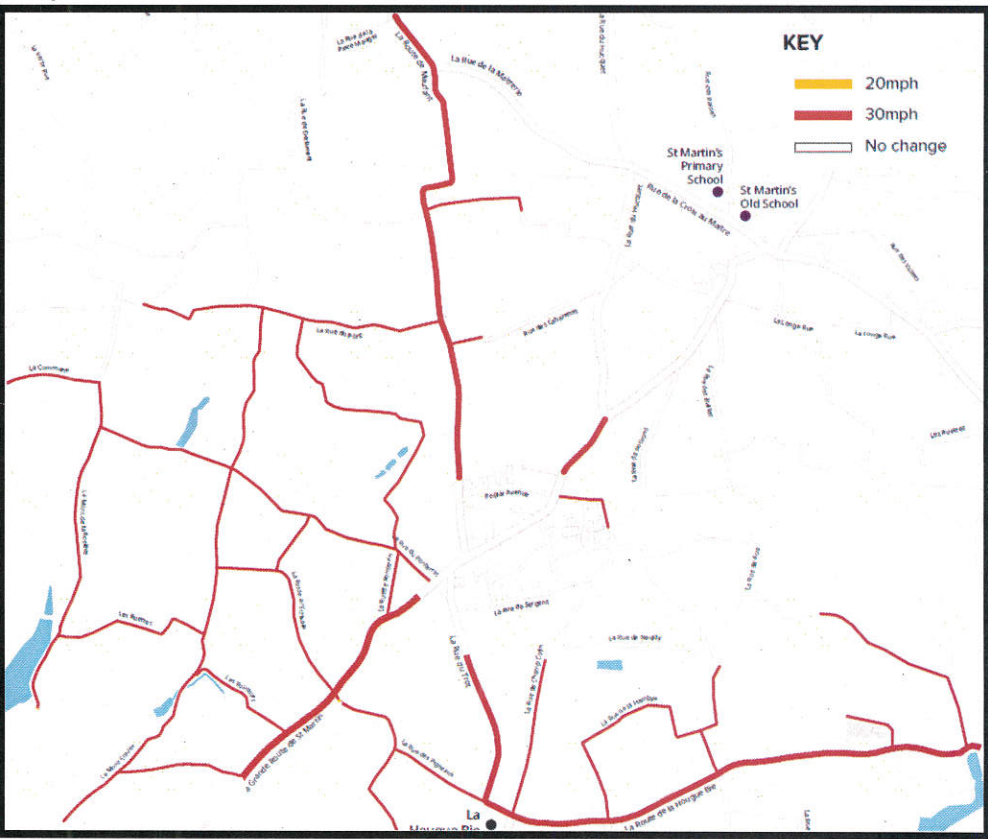

Drivers that already drive above speed limits aren't going to take notice, so why force the considerate drivers to crawl around the parish.
