Notes:

- Statistics relate to deaths which occurred in Jersey only
- Based on the date the death was registered by the Superintendent Registrar, rather than the date the death occurred
- "Laboratory Proven Covid-19" means the person tested positive to Covid-19 in laboratory testing
- "Probable Covid-19" means the person either tested negative in laboratory testing or was not tested for Covid-19 and the cause of death was certified as "Probable Covid-19" based on clinical history examination and investigations
