

Staying Safe On-Line

A Young Person's Contract

1. I will **NEVER** give out my full name, real address, telephone number, school name or location, schedule, password, or other identifying information when I am online. I will check with an adult for any exceptions.
2. I will **NEVER** have a face-to-face meeting with someone I've met on-line. In rare cases, my parents may decide it is OK. If I do decide to meet a cyber friend, I will make sure we meet in a public place and that a parent or guardian is with me.
3. I will **NEVER** respond online to any messages that use bad words or words that are scary or just feel weird. If I get that kind of message, I will print it out and tell an adult immediately. The adult can then contact the on-line service or appropriate agency. If I am uncomfortable in a live chat room, I will use the "ignore" or "block" button.
4. I will **ALWAYS** use the "**Report Abuse**" button if I am concerned that someone is trying to bully me or someone else, or trying to do something inappropriate.
5. I will **NEVER** go into a new on-line area that is going to cost additional money without first asking permission from my parent or teacher.
6. I will **NEVER** send a picture over the internet, mobile phone or via regular mail to anyone without my parent's permission.
7. I will **NOT** give out a credit card number on-line without a parent present.
8. I will **ALWAYS** tell a parent or another adult immediately, if something is confusing or seems scary or threatening.
