

Early Years Policy Development Board – Engagement Event Output and Prioritisation Criteria

Focus

This is our **focus** – we have a leadership role for this. (*Move 2 spaces*)

Criteria for identifying a priority issue

- Proactive – preventative not reactive.
- Innovative (with a real focus on children and families)– How to do things differently?
- Addresses the **barriers** and the root causes.
- Enhances understanding and capabilities - therefore empowers the workforce and parents/carers
- Meets promises and manifesto (political and governmental) commitments and considers outstanding agreements. Including the agreed outcomes of the Children and Young Person’s Plan
- Positively impacts on **ALL** children and families. Things that enable and those that directly impact

Watch

We know it has a direct impact we will **watch /support** this and try and learn more about this. (*Move 1 spot*)

Be aware of

This is not the most important, but we are **aware** of it. (*Leave it where it is*)
