

The Role of the Lead Worker

Where there is a *Child and Family Assessment and Plan* in place, one of the practitioners who is part of the Team around the Child will take the role of Lead Worker. The Lead Worker coordinates the Team around the Child as identified in the next section – Main Tasks of the Lead Worker. However, all members of the Team around the Child have a shared responsibility for supporting the child and family, attending meetings, working in a solution-focussed manner to problem solve, share information appropriately and supporting the Lead Worker in their role.
