

Jersey Premium

Extra funding for schools and colleges to support children

Jersey Premium is a targeted funding programme which aims to make sure all children get the best from their education. Some children don't go on to achieve at the levels that would normally be expected for their ability. The introduction of Jersey Premium has enabled schools to review their approach to teaching and learning, ensuring that all pupils are able to achieve their very best.

Schools and colleges receive extra funding calculated on the number of eligible children they have each year. The school or college decides how they use the funding to improve the child's educational experience and outcomes. Children attending a school nursery are also entitled to ten additional hours a week of free nursery education.

Jersey Premium is available for pupils throughout their education in a Government of Jersey school or college.
