2. Matters arising from last meeting. [5mins]
3. Appointment of chair [10mins]
4. Forum follow on discussion on fuel poverty workstream of the Energy Plan: Chapter 5-Fuel poverty and affordability of energy. Action Statement 26: understanding affordable energy in the Jersey context  
Phase 1 of the project is to:
  - Define fuel poverty and energy affordability in the local context i.e. the owner-occupier, social housing and private rented sectors;
  - Identify the fuel poor and those at its margins;

In order to start phase 1 of the project a period of data collection and assimilation needs to take place first.

Kim Guegan from the Stats Department has kindly agreed to provide an overview of the results of the latest Jersey Opinions and Lifestyle survey (JOLS), in particular the information regarding material deprivation.

Will Lakeman from the Social Security Department has kindly agreed to provide an overview of the range of data that his Department hold that may be useful in informing this project.

This will provide an evidence based context for the discussion to follow. [20mins]

- a. Draft Questions for JOLS 2018 for the Forum to consider in advance and come ready to discuss. [60mins] *Attached as a separate document.*
- b. *Energy suppliers who sit on the Forum to come prepared to the meeting with an idea of what data could be provided by them to DoE to assist with the fuel poverty workstream e.g. the no. of householders on key meters/using top up keys, % of customers renting etc.*
5. Update on outcome of debate on 30<sup>th</sup> January in respect of Proposition 88/2017 lodged by Deputy Labey. [10mins]
  - a. Director of Environmental Policy, Dr Louise Magris will provide a short update on next steps.
6. Follow up from draft micro renewables paper A.K to report back. [10mins]
