

BUTTERFLY TRANSECT - ANNUAL REPORTING FORM

Site: []

Parish: []

Recorder: []

No. of sections on transect: []

Current reporting year: []

Previous reporting year (year transect last walked): []

Section change in habitat between years

Table with 3 columns: Transect section, Description of habitat change, New habitat code. Includes examples like 'e.g.1 Section 3' and 'e.g. Section 11'.

Change in management between years

Table with 3 columns: Transect section, Description of substantial management change, New management code. Includes examples like 'e.g. Section 3' and 'e.g. Section 11'.

Return forms at season end to Denise McGowan, JBMS co-ordinator (if you require help filling in this forming please contact Denise at d.mcgowan@gov.je or on 441606).

Habitat Code - Habitat Name - EUNIS cross-referencing code(s)

1. Marine saltmarshes/estuaries/saline reedbeds - (EUNIS code A2)
2. Coastal dune grassland - (EUNIS code B1.4)
3. Coastal dune and sand heath - (EUNIS code B1.5)
4. Coastal dune and sand scrub - (EUNIS code B1.6)
5. Coastal dune and sand woods - (EUNIS code B1.7)
6. Coastal dune slacks- (EUNIS code B1.8)
7. Coastal Machair - (EUNIS code B1.9)
8. Coastal shingle - (EUNIS code B2)
9. Coastal cliffs/undercliffs - (EUNIS code B3)
10. Fen/swamp/marsh vegetation of inland freshwater edges - (EUNIS codes C3.1/C3.2/C3.3/C3.4)
11. Bare ground/sparse vegetation of inland freshwater edges - (EUNIS codes C3.5/C3.6/C3.7/C3.8)
12. Acid bog/mire habitats - (EUNIS code D1/D2)
13. Flushes - (EUNIS code D4)
14. Inland swamp/fen stands without open water (e.g. reed and sedgebeds) - (EUNIS code D5)
15. Dry semi/unimproved (flower-rich) chalk/limestone grassland - (EUNIS code E1.2)
16. Dry semi/unimproved acid grassland - (EUNIS code E1.7)
17. Dry semi/unimproved (flower-rich) neutral grassland - (EUNIS codes E2.1/E2.2)
18. Agriculturally improved/re-seeded/ heavily fertilised grassland - (EUNIS code E2.6)
19. Seasonally wet and wet marshy grasslands - (EUNIS code E3)
20. Bracken dominated glades or hillsides - (EUNIS code E5.3)
21. Stands of tall herbs (e.g. nettle and willow-herb beds) - (EUNIS code F3.1)
22. Dry scrub/shrub thickets - (EUNIS code F3.1)
23. Wet and dry heathland/ dry heather moorland - (EUNIS code F4)
24. Wet Willow scrub of fen, river and lake-side - (EUNIS code F9)
25. Hedgerows - (EUNIS code FA)
26. Mature broadleaved woodland - (EUNIS code G1)
27. Mature coniferous woodland - (EUNIS code G3)
28. Mature mixed broadleaved and coniferous woodland - (EUNIS code G4)
29. Lines of trees or scattered trees of parkland - (EUNIS code G5.1)
30. Small man-made woodlands - (EUNIS code G5.2)
31. Recently felled areas/early-stage woodland and coppice - (EUNIS codes G5.6/G5.7/G5.8)
32. Bare ground/woodland herb/grass mosaics of woodland rides, hedgebanks and green lanes- (EUNIS code E5.2)
33. Orchards, hop gardens and vineyards - (EUNIS code G1.D)
34. Inland screes/cliffs/ rock pavements, and outcrops - (EUNIS code H)
35. Intensive arable crops - (EUNIS code I1.1)
36. Horticultural crops - (EUNIS code I1.2)
37. Organic arable crops - (EUNIS code I1.3)
38. Bare ground/weeds of arable field margins or fallow/recently abandoned arable crops (e.g. set-aside) - (EUNIS code I1.5)
39. Ornamental shrubs/trees/lawns of churches/parks/domestic gardens etc- (EUNIS code I2)
40. Bare ground/weed communities of post-industrial sites e.g. quarries/pits/road/rail/landfill sites - (EUNIS codes J3/J4)

BUTTERFLY TRANSECT HABITAT MANAGEMENT CLASSIFICATION

ACTIVITY CODE

Grazing by livestock	M1	Burning	M2
Cutting woody vegetation	M3	Mowing	M4
Spraying	M5	Fertilising	M6
Ploughing	M7	Bulldozing	M8
Tipping	M9	Quarrying	M10
Vehicular / machinery disturbance	M11	Drainage	M12
Other	M13		

Use these codes when filling in Form Butterfly Transect - Site Data Form:
