		<b>Action</b>
<b>1.</b>	<b>Welcome and apologies</b>  Apologies from Louise Magris, Lisette Jones	
<b>2.</b>	<b>Minutes and matters from last meeting</b>  The Chair marked the minutes as a true representation. However, these are yet to be circulated to the wider group.	JLM to circulate minutes from March meeting
<b>3.</b>	<b>Kickstarting the climate emergency</b>  SS gave an update. Deadline for STP & CNS was the end of 2019. STP/CNS will require large and sustained changes. In the next 6-12 months we need to regain momentum.  AC raised now is a great opportunity to build back the economy in a more sustainable way. There is now lots of public and commercial appetite for carbon neutrality.  JB gave an update on current projects and webinars to join up the climate and nature crises.	Forum to share messaging on climate emergency
<b>4.</b>	<b>Carbon offset markets</b>	

	HJ gave a presentation and explanation of possibilities on carbon offsetting for Jersey.	
<b>5.</b>	<p><b>Update on the Sustainable Transport plan</b></p> <p>FG gave a quick update on the STP and how current policies will work together.</p> <p>RLS raised issues concerning the development of a Public Realm and Movement Strategy for St Helier. SS asked RLS to email further detail in order that he could discuss these with GoJ colleagues.</p>	<p>JLM to circulate all presentation slides</p> <p>RLS to email further detail of issues to SS</p>
<b>6.</b>	<p><b>AOB</b></p> <p>Next meeting date will be no later than early January.</p>
