An island ready for,
and resilient to,
coastal flooding and
climate change –
today, tomorrow and
the next 100 years...

Public Consultation (2025) Questionnaire

We would like to hear your views, comments or concerns regarding coastal flooding and 'Scheme Visualisations' developed so far for the Havre des Pas Coastal Flood Alleviation Scheme.

These visualisations have been developed based on the engineering alignment needs to achieve flood protection, and considering feedback from the Stakeholder Engagement Workshops which were held in summer 2024. The leading option is Advancing The Line (ATL).

For the purposes of this questionnaire, the 'Scheme Extents', is sub-divided into four zones, being:
