PPI/11012012/Bourniquel

Dear Sirs,

RECEIVED  
13 JAN 2012

P/2011/1673 Plemont Bay Holiday Village, La Route de Plemont, St. Ouen

Yet again we are plagued with this vision of development at Plemont.

We are sure the applicants hope to grind down the opposition by their continual applications.

Our views remain:

- 1) Any development at Plemont is a disgrace
- 2) The site should be acquired by the States and returned to nature
- 3) Or, financial help should be given to the National Trust to acquire the land for the benefit of all Islanders and not just a few greedy developers.

So much of our Island has been lost irrevocably, PLEASE take a brave stand and do the right thing! Keep Plemont as an important resource for our Island, the present islanders, future generations and visitors too.

Thank you

Yours faithfully
