  - Character of the area
  - Character of the building
  - Noise and disturbance
  - Significant loss of light
  - Loss of privacy
  - Traffic generation and Road Safety
  - Car parking

Your comments

I feel that an area of outstanding natural beauty should not be blighted by further building works. The area in question is a haven for wildlife which would be disturbed and even eradicated by building work. Further to this the traffic that would be generated by the proposed build and later by residents and services would amount to a greater volume of traffic then the lane that is situated there currently could manage. This would be to the detriment of all users of the road.
