INTRODUCTION

This plan was prepared to identify actions required against a set of fourteen recommendations made by the Care Inspectorate's report 'States of Jersey – Inspection of services for looked after children' which was published at the end of 2011 (Section A).

Their first recommendation highlighted the need to identify, revisit and review all other reports completed in recent years, relevant to Children's Services (now highlighted in the box below), and for any outstanding recommendations from those reports to be summarised into one specific action plan.

That work was completed in two parts:

1. It identified the original recommendations; actions subsequently taken to address or consider the proposals; and any 'decisions made' which led to the recommendations either being 'closed with no further action' or simply not being pursued further at that stage because of political or executive decisions.
2. It identified the recommendations (now set in Sections B-H of this report) which still required further consideration and/or actioning.

REPORTS IDENTIFIED and USED IN CROSS-REFERENCES (X Ref:) under Recommendations:

KBR	Kathie Bull Report: Review of the Principles, Practices and Provision for Children and Young People with Emotional and Behavioural Difficulties and Disorders in the Island of Jersey - July 2003
WR	Williamson Report: An Inquiry into Child Protection in Jersey – June 2008
HLR	The Howard League for Penal Reform – Jersey Review: A review of the Jersey youth justice system – November 2008
WIP	Williamson Report: Implementation Plan – January 2009
SPR	Health, Social Security and Housing Scrutiny Panel: Coordination of Services for Vulnerable Children – Sub-Panel Review Presented to the States on 27 th July 2009
CPT	Report by the European Committee for the Prevention of Torture and Inhuman or Degrading Treatment or Punishment (CPT) – 23 rd July 2010

YJR	Youth Justice in Jersey: Options for Change – August 2010
SEQ	Self Evaluation Questionnaire (prepared for SCSWIS/CI) – Action Plan – June 2011

Developments during 2012 led to three further reports being produced; two of which have been formally presented and approved by the Children’s Policy Group and the third, from Action for Children, was presented to the November 2012 meeting where a ‘management review and recommendations’ (of the report) was requested by CPG for consideration at their January 2013 meeting. New sections have been created and added for the recommendations from these reports and are included at sections ‘I’ to ‘K’. Section ‘J’ (for the AfC Report) will require formal approval by CPG at the forthcoming meeting:

RCR	Health, Social Security & Housing Scrutiny Panel: Respite Care for Children and Young Adults Review Presented to the States on 26 th April 2012
AFC	Action for Children – Review of Services for Children and Young People with Complex and Additional Needs – September 2012
VOC	Report regarding the involvement of Children and Young People in Care in meeting their needs (aka: Voice of the Child Report) – July 2012

STRUCTURE OF THIS REPORT

The main body of this report ‘CHILDREN’S SERVICES - (Post Inspection) SERVICE IMPROVEMENT PLAN 2012 - 2013’ starts on page 11 and comprises the recommendations and actions which are set out in each specific section (now A-K), under a banner heading which identifies the title of the originating report.

Progress against actions and timescales, set when the plan was approved by the Children’s Policy Group in December 2011 (sections A-H), are monitored utilising ‘progress ratings’ that are colour coded (Dark Green, Light Green or Red) according to whether the objectives have been ‘achieved’; are ‘on target’; or are ‘behind target’. Where the colour coding is ‘hatched’, this simply highlights the fact that actions are ‘owned’ by cross-agency (external) or cross-departmental (internal) services, and are not the sole responsibility of Children’s Services.

A similar system is used for sections ‘I-K’ which were added following decisions by CPG during 2012; but the results of any actions are not currently included in the ‘Progress by Quarter’ reporting, so as to protect the integrity of the original purpose of the report, which was monitoring progress against the original 45 recommendations.

CPG may decide to review this reporting 'format' for 2013, removing all 2012 recommendations that were 'fully completed' into an appendix, and then fully integrating the reporting of the three new sections for 2013, alongside the 'balance' of any outstanding recommendations from the original report.

Any boxes in the right hand column that remain white, or white-hatched, simply indicate that no action has yet been taken in that area, but the timescales are set for completion in coming months.

Any recommendations where all actions under that recommendation are considered to have been 'delivered' during that particular quarter are highlighted in the first set of tables under 'ANALYSIS' (page 7). The first column highlights the number of the recommendation and the third column confirms the page number where you can find that recommendation. The centre column gives an explanation of activity against the actions and makes a formal 'proposal' for CPG to consider.

Any recommendations where actions are not yet achieved, but significant progress has been made during the quarter, are highlighted in the second set of tables on that page and are formatted in the same way though there is no proposal for CPG to consider – the explanation is simply provided 'for information only'.

Any recommendations where actions are considered to have been 'significantly delayed' during the quarter are highlighted in the third set of tables (page 8/9). They are formatted in the same way, and make a formal proposal for CPG to consider 'revising' the original timescales.

There is a fourth set of tables (page 9) which are provided to enable reporting on the commencement of any action which is delayed owing to 'external' issues which are outside of Children's Services control. There are none in this quarter.

For any recommendations where all the original actions are complete, and CPG have signed them off as being completed during a previous quarterly report, these are then 'greyed out' in subsequent reports to indicate this fact.

QUARTER 4 2012 Update

Since the development and approval of this plan by the Children's Policy Group at the end of 2011, and through the period of this year (2012), we have seen a high level of activity against many of the recommendations and significant progress has been made in certain areas, including:

- 23 Recommendations were approved for 'signing off' at CPG meetings on 04.05.12, 27.07.12 and 02.11.12 (15 fully completed and 8 completed with new actions subsequently promoted).
- A further 3 Recommendations are now proposed for 'signing off' as at the end of the 4th Quarter.
- No Recommendations where existing actions are proposed for signing off and new action(s) is being promoted.
- 6 Recommendations where significant progress has been made in the 4th Quarter.
- 13 Recommendations where progress has been significantly delayed in this quarter and new targets are now being proposed.
- No recommendations where commencement has been delayed.

ANALYSIS

Recommendations delivered during period:		
Rec.	Update	Page
10	<p>Training & Development Plans are being developed for staff in all areas of Children's Services, and those for residential staff in each unit were prioritised and completed, by Year End 2012. These have now been integrated into one overall Residential Services Plan which has been approved and endorsed by the Service Manager.</p> <p><i>Proposed that this recommendation should be signed off.</i></p>	
22	<p>Staff have been redeployed from current over-provision within former residential units to provide community based support services, operating from the Greenfields campus, to undertake those functions originally envisaged by the recommendations under this proposal.</p> <p><i>Proposed that this recommendation should be signed off.</i></p>	
45	<p>The new Team Manager appointed for Looked After Children (notified to CPG in the last report) has settled into her role and has now taken on formal responsibility for the role of 'Diversity Champion' for LAC; alongside practical support and assistance from the Training Co-ordinator.</p> <p><i>Proposed that this recommendation should be signed off.</i></p>	
Recommendations where significant progress against actions has been made:		
Rec.	Update	Page
9	<p>Job Descriptions for 'Service Lead' posts were formally approved by the HAY evaluation process in November and recruitment commenced in December. It is anticipated that all posts should be recruited by end of first Quarter 2013.</p>	
15e	<p>Law Drafting instructions have been completed by Home Affairs to support changes to current laws which would enable the remand and sentencing of young people of 16 and 17 years of age to the Greenfields Secure Unit, as an alternative to the Young Offender's Institution. These are currently with the Law Draftsmen, awaiting prioritisation and allocation of drafting time within their 2013 programme.</p>	
16	<p>A 'Full Business Case' and 'Service Specification' has been prepared for 'Specialist Fostering Support', and work is now underway to determine how this service will be commissioned and developed during 2013.</p>	
21c-f	<p>Further to the comments and updates given in the 'Qtr 3 Report' to be provided by Service Management:</p> <ul style="list-style-type: none"> • On-going discussions are being held with Shelter Trust over how specific buildings may be developed and used and timescales for implementation have been drawn up. • Plans and initial costings have been produced for the upgrade of Oakwell and the development of Heathfield as a specialist provision for up to three young people with Autism and challenging behaviour. Extensive consultation has taken place which has included staff and service users and initial costings are within the capital budget 	

	<p>allocation available in 2013. Plans are now being progressed by a specific Project Management Team developed to take this forward to the next 'planning' stage.</p> <ul style="list-style-type: none"> • Field View has been completed and delivered on time and within budget, and the group of care leavers identified as the first residents have moved in. The feedback from the young people has been very positive and they are very happy in their new accommodation. • Le Preference is now empty and has been decommissioned. Discussions have taken place with Property Holdings over their plans for the future of that building. 	
23	<p>Final Job Descriptions for each of the relevant staff grades (RCCO 2/3/4) were formally approved by Union representatives at a Departmental Consultative Committee meeting held on December 11th 2012, with an acceptance that any appeal on the outcome of the recent HAY evaluation process was not likely to lead to any increase to the current salary scales. They have now formally requested that the issue of introducing a proper 'shift allowance', alongside the accepted JD's and pay scales, should be pursued by both parties; as recommended in the original Williamson proposal.</p>	
26	<p>Advice is being sought from the UK Government over 'when' we need to make a formal request for the extension of the UK's ratification of the UNCRC to Jersey. The aim is to do so before January 2014, so that confirmation of Jersey's involvement can be included in UK 'periodic' report on it's obligations to the UNCRC, which is due at that time.</p>	
47	<p>'Full Business Cases' and 'Service Specifications' have been prepared for: a 'Family Care Co-ordinator for Children Under 5yrs of age – working in existing teams around the child with complex needs'; and for a 'Short Breaks Service and care co-ordination for children with complex needs'. Work is now underway to determine how these services will be commissioned and developed during 2013.</p>	
<p>Recommendations where progress is significantly delayed:</p>		
Rec.	Update	Page
2 & 11	<p>There have been delays in updating the Children's Services' 'Softbox' client database, owing to a lack of identified funding and technical (ICT) resources to support the development within existing resources. Any upgrade would include the development of comprehensive management reporting on performance measures against activities monitored by the software. Work has been undertaken by an 'Informatics' task and finish group under the H&SS White Paper proposals which has looked at all areas of need to support the successful implementation of the wide range of agreed proposals, and the upgrade of the CS system has been recognised as essential to part of this process. A full 'Service Specification' is now being developed for the informatics needs across all relevant areas of H&SS and it is hoped that some of the agreed funding will be allocated to this particular project</p> <p>Particular delays to work undertaken by the Performance & Planning Group under the Children & Young People's Strategic Framework (as mentioned in the introduction – 'Progress by Quarter') have meant that work on developing</p>	10 & 12

	<p>a 'common data set against which to monitor outcomes' has not moved forward as hoped .</p> <p>The JCPC have, however, finalised their proposed 'framework' which is now in place and should be reporting in January 2013, for activity in the last quarter of 2012.</p> <p><i>Proposed that targets are revised for completion by end of Qtr 2 2013.</i></p>	
6 & 14c-e	<p>Work is still outstanding on the preparation of Statements of Purpose and Function for the two Respite Units, although the relevant 'service lead' is now back at work following injury and sick leave and should be able to move this forward in the months ahead.</p> <p>As reported in the section above (Page 7 - Rec. 9) the final 'service lead' posts in specific areas of Children's Services are now being recruited and their appointment should result in a final stabilisation of the organisational structure of CS and the development of 'Terms of Reference' and 'Accountability Frameworks' to support operations in each are.</p> <p><i>Proposed that targets are revised for completion by end of Qtr 1 2013.</i></p>	
8	<p>Ongoing developments to the structure of Children's Services during 2012 has also meant that appropriate forums have not yet been properly established, whereby effective 'cross-agency' business planning can be developed and introduced to all areas.</p> <p><i>Proposed that targets are revised for completion by end of Qtr 2 2013.</i></p>	
31 b&c 32c 33 a&b 35 b&c 38c 39c 40c 44 a&b	<p>A very successful 'Key Partners Conference' was held on 10th October 2012, at the Town Hall, at which the early proposals developed by four of the six Working Groups under the Children and Young People's Strategic Framework were discussed, reviewed and developed and 'principles' for future work and developments across all areas were agreed.</p> <p>Much of the on-going work has since stalled temporarily, principally due to operational pressures and priorities elsewhere, as the year came to a close. These issues are likely to be picked up early in the New Year.</p> <p><i>Proposed that targets are revised for completion during Qtr 1 or 2 2013.</i></p>

CHILDREN'S SERVICES – (Post Inspection) SERVICE IMPROVEMENT PLAN 2012 – 2013

Progress Rating: The following statements have been used in assessing and monitoring performance against objectives:

Where the department responsible for implementation is not H&SS; or there is cross-agency (external) or cross-department (internal) involvement; the Progress Rating appears 'shaded'

A. CARE INSPECTORATE RECOMMENDATIONS (1-14):				
Recommendation	Action		Timescale	Progress Rating
In General – Context				
1. C&SS should review all the outstanding recommendations from previous reports, and, together with the SCSWIS/CI recommendations, draw up one action plan which includes them all. This should involve rationalising some, grouping others, deleting those which no longer apply, and deciding on priorities. This action plan should include clear and realistic timescales and lead responsibilities.	a	Confirm range of previous reports relevant to review	Sept '11	
	b	Collate and update all recommendations from identified reports	Nov '11	
	c	Propose final listing of outstanding actions to new CPG	Jan '12	
	d	Finalise single Action Plan addressing all outstanding requirements	Feb '12	
<i>Recommendation and Actions signed off by CPG on 04.05.12</i>				
Key Outcomes				
2. Community and Social Services should develop and implement a comprehensive means to define and measure the outcomes for looked after children and young people. G. RECOMMENDATIONS OUTSTANDING FROM THE YOUTH JUSTICE REVIEW REPORT (35-41):

Recommendation	Action	Timescale	Progress Rating	
35. (6.6.iv) Those children causing most concern to agencies because of their offending behaviour should be managed according to a multi agency model akin to that of the CP Case Conference or RAMAS but with the focus being on the child's best interests. This process has been labelled CAST (Children's Assessment and Support Team) in this report. All Departments should undertake to co operate in this process and allocate resources as a priority to this group.	a	Head of Service (SW) to review operation of MAST/YAT/ etc	Qtr 2 2012	Green
	b	HoS to join 'Be Responsible & Respected' Working Group to consider all relevant YJ recommendations within SIP	Qtr 3 2012 Delayed Qtr 1/2 '13	Red
	c	Working Group to develop action plan for implementation	Qtr 3/4 '12 Delayed Qtr 1/2 '13	Red

	e	Delivery plan in place	Delayed Qtr 1/2 '13	White
36. (6.6.v) Children's home staff and schools should not call the Police to deal with incidents that would be dealt with by a responsible parent in their own home. (However, it is recognised that a parent may wish to make a complaint to the Police following a playground fight or another child may wish to bring a charge in a children's home for example). The principle is that a child should not be penalised because they are a looked after child or be already known to the police.	a	CS staff & SoJ Police monitoring and reviewing level of incident reporting	Qtr 4 2011/ Qtr 1 2012	Green
	b	Agreement reached that Restorative Justice Officer (P&ACS) will provide appropriate training to all residential staff	Qtr 3 2012	Green
Recommendation and Actions signed off by CPG on 02.11.12				
37. (6.6.vi) The practice of reporting all children who leave a Children's home without permission as missing persons should be reviewed. 	b	Operation of new p&p to be monitored over second quarter	Qtr 2 2012	Green
	c	CS documents to be ratified by C&SS Care Quality Group	Qtr 3 2012	Green
Recommendation and Actions signed off by CPG on 02.11.12				
38. (6.7.iv) Resources should be transferred from YAT to JPACS to provide bail support and develop services to children at risk of custodial remand.	a	Head of Service (SW) to review operation of MAST/YAT/ etc	Qtr 2 2012	Green
	b	HoS to make recommendation on resource availability to CS Management and C&SS Directors	Qtr 3 2012	Green
	c	HoS makes outcome known to BR&R Working Group	Qtr 3/4 '12 Delayed Qtr 1/2 '13	Red
39. (6.9.i) Children who find themselves repeatedly in the justice system, particularly those who are seen as persistent or who are sentenced to custody, should be considered children in need, and afforded the same level of service as those children who are "looked after" – in many cases they will already have this status.	a	Head of Service (SW) to review operation of MAST/YAT/ etc	Qtr 2 2012	Green
	b	HoS to make recommendation on threshold criteria in this area to CS Management	Qtr 3 2012	Green
	c	HoS makes outcome known to BR&R Working Group	Qtr 3/4 '12 Delayed Qtr 1/2 '13	Red
40. (6.9.ii) Emergency fostering should be available as an alternative to a custodial remand. Any issues around Social Security or Employment Law should be referred to the CPG and Council of Ministers for resolution.	a	Head of Service (SW) to review proposals for development of professional fostering (Rec 16 above)	Qtr 2 2012	Green
	b	HoS to make recommendation	Qtr 3 2012	Green

Although expensive this form of intervention is less expensive and less damaging to a child than a custodial remand. X-Ref: (KBR Rec. 17.2.11)		on priorities for development in this area to CS Management		
	c	HoS makes outcome known to BR&R Working Group	Qtr 3/4'12 Delayed Qtr 1/2 '13
