

Eat Safe Jersey: Request for a re-rating inspection:

You are welcome to submit a request for a re-rating inspection once you have completed the necessary improvements. Please note, that you must wait 3 months following your statutory inspection prior to sending the request. This is the standstill period.

Businesses can request one re-inspection per initial statutory inspection if they have addressed the non-compliances identified during the original inspection and made the required improvements.

- You must include details of the improvements made as part of your request. The improvements required are outlined in the schedules accompanying the inspection report and discussed during your inspection.
- If the Minister is satisfied that you have provided sufficient evidence demonstrating that the required improvements have been made, and the three-month 'standstill' period since the statutory inspection has passed, the request may proceed. The Minister's Officer will then carry out an unannounced visit.
- Please be aware that No request can be made whilst an appeal is pending.
- Following the re-visit the Officer will give you a 'new' food hygiene rating based on the level of compliance that is found at the time of the re-visit - you should be aware that your rating could go up, down or remain the same.
- To make a request for a revisit, please use the form below and return it to the Environmental Health Department. Contact details are provided at the bottom for this form. If you wish to complete or submit a hardcopy of the form please phone +44 (0)1534 445808.
