Diseases of Animals (Bluetongue) (Jersey) Order 2006

Authorisation

In accordance with Article 3, use of inactivated vaccine in accordance with manufacturer's authorisation is permitted in Jersey subject to conditions.

A risk assessment is available on the States of Jersey website.

Conditions

Records must be kept as follows

1 A veterinary surgeon who administers vaccine must either enter the following information personally in the keeper's records or give it to the keeper in writing (in which case the keeper must enter the following into those records)—

- (a) the name of the veterinary surgeon; .
- (b) the name of the product and the batch number; .
- (c) the date of administration of the product; .
- (d) the amount of product administered; .
- (e) the identification of the animals treated; and .
- (f) the withdrawal period

2 When vaccine is bought the keeper must, at the time, record

- (a) the name of the product and the batch number; .
- (b) the date of acquisition; .
- (c) the quantity acquired; and .
- (d) the name and address of the supplier. .

At the time of administration (unless the administration is by a veterinary surgeon in which case the record must be as at 1 above) the keeper must record—

- (a) the name of the product; .
- (b) the date of administration; .
- (c) the quantity administered; .
- (d) the withdrawal period; and .
- (e) the identification of the animals treated. .

3 A keeper who disposes of any or all of the veterinary medicinal product other than by treating an animal must record—

(a) the date of disposal; .

(b) the quantity of product involved; and .

(c) how and where it was disposed of.

4 Records must be kept at least 5 years

5 Records must be made available to an inspector on request

A handwritten signature in black ink that reads "Linda Lowseck". The signature is written in a cursive style with a large, looped initial 'L'.
