

WATER QUALITY & STRATEGY TEAM: MEETING MINUTES

23rd April 2025

REPORT 3 UPDATE

- Ran through recommendations relating to the following areas
 - PFAS Testing
 - Health Related
 - Interventions
- Implications with testing and interventions as Panel are not being too specific with the recommendations
- Testing will be prioritised for islanders inside the hotspot
- provided a brief timeline of decision-making process with the recommendations
- Asked for clarification on the decision-making process being the correct way to go – I.e. board, chief minister, ELT (awareness), CoM, SLC
- Clinical service has received positive feedback from Islanders involved

ARCADIS REPORT UPDATE

- Overview of timeline for publication of the report

Meeting Adjourned.

Next Meeting: 6th May 2025
