

**RECORD OF SAFETY EQUIPMENT FOR A JERSEY-REGISTERED
SEA-GOING PLEASURE VESSEL BUILT ON OR AFTER 21st JULY 1968**

It is a requirement of Jersey Law for the Master of a Pleasure Vessel, which is 24m in length or over, to check the safety equipment of the vessel annually and to sign that s/he has done so. This Record is to be kept on board and available for inspection.

Name of Vessel:		Official Number	
-----------------	--	-----------------	--

Registered Length (m):		Gross Tons	
Short Range Yacht (Yes/No) ¹		GMDSS Sea Areas (A1 to A4) ²	
Date of Build			

No. of crew	
No. of passenger ³	
Total no. persons	

¹"Short Range Yacht" means restricted to operating in forecast or actual wind of a maximum Beaufort Force 4 and within 60 nautical miles of a safe haven

²GMDSS Sea Areas

Sea area A1 means an area within the radiotelephone coverage of at least one VHF coast station in which continuous DSC alerting is available

Sea area A2 means an area, excluding sea area A1, within the radiotelephone coverage of at least one MF coast station in which continuous DSC alerting is available.

Sea area A3 means an area, excluding sea areas A1 and A2, within the coverage of an INMARSAT geostationary satellite in which continuous alerting is available.

Sea area A4 means an area outside sea area A1, A2 and A3.

³No. of passengers for which life-saving appliances are provided for and may not exceed 12 persons.

RESCUE BOAT (only applicable to vessels over 25.9m in length)	Check
Short Range Yachts⁴	
All other yachts	

⁴Rescue boat not required for a short range yacht if the vessel has sufficient manoeuvrability and an efficient man overboard recovery system.

LIFERAFTS	Number	Capacity (no. persons)	Check
Short Range Yachts Liferafts to accommodate 100% persons on board			
All other yachts Liferafts to accommodate 100% persons on board with one raft lost			
All liferafts in float-free location with hydrostatic release units			
Emergency packs (inside canister): Short Range Yachts: 'SOLAS-B Pack' All other yachts: 'SOLAS-A Pack'			
Liferafts MED or SOLAS approved			

LIFEJACKETS	Number	Size	Check
A suitably sized lifejacket for every person on board		Adult (>43kg)	
		Child (15-43kg)	
		Infant (<15kg)	
All lifejackets to have whistle and light			
Lifejackets MED or SOLAS approved			

OTHER LIFE SAVING EQUIPMENT	No.	Check
Line throwing appliance	1	
Lifebuys with self-igniting light and self-activating smoke signal attached	2	
Lifebuys with buoyant lifeline attached	2	
Rocket parachute red flares	4	
Hand held red signals	4	
Buoyant orange smoke signals	2	
Safety Equipment Instruction & Maintenance Manual	1	
"Life Saving Signals and Rescue Methods, SOLAS No.2" poster (as contained in liferaft equipment packs)	1	
Liferaft embarkation ladder	1	
Portable VHF radio (for liferaft)	1	
EPIRB	1 ⁵	
All Life saving equipment MED or SOLAS approved		

⁵If operating outside sea area A1

FIRE EQUIPMENT	No.	Check
Multipurpose ⁵ portable fire extinguishers (at least 5kg each)	2	
Fire pump (power or hand and outside engine space) with hose and spray/jet nozzle <i>or</i>	1	
Additional multipurpose ⁶ portable fire extinguishers	2	
<u>Engine space fire fighting system:</u>		
Approved fixed fire fighting system <i>or</i>		
Portable fire extinguisher (suitable type and sized) with discharge port to engine space	1	
Fire buckets with lanyards	2	
Fire blanket in galley	1	

⁶Multipurpose means suitable for class A and B fires

RADIO EQUIPMENT	GMDSS Sea Area	Check
VHF	A1	
VHF + MF	A1+A2	
VHF + MF/HF <i>or</i>	A1+A2+A3	
VHF + MF + INMARSAT C		
VHF + MF/HF	A1+A2+A3+A4	
NAVTEX receiver	If operating outside sea area A1	

NAVIGATION EQUIPMENT	Vessel Size	Check
Navigation lights	All	
Daylight warning shapes (3 black balls, 1 diamond)	All	
Sound signals (whistle and bell)	All	
Magnetic compass or other means to determine ship's heading	All	
Pelorus or compass bearing device	All	
Global navigation satellite system receiver	All	
Radar reflector Radar Target Enhancer (RTE)	<150 GT ⁷	
Spare magnetic compass or other means to determine ship's heading	>150 GT	
Daylight signalling lamp	>150 GT	
Echo sounder or equivalent	>300GT	
9GHz radar	>300GT	
An electronic plotting aid	>300GT	
Device for measuring speed and distance through water	>300GT	
Automatic Identification System	>300GT	

⁷ Highly recommended for wood or fibreglass vessels over 150 GT which may have a low radar signature

MEDICAL EQUIPMENT	Check
Basic first aid kit	

Master's comments (use additional sheet(s) if necessary)

Exemptions or variations authorised by Jersey Shipping Register

Masters and owners should be aware of all relevant legislation. See www.jerseylaw.je and in particular the following are especially to be noted:

Shipping (Training, Certification and Manning) (Jersey) Order 2004
 Shipping (Safety Code - Yachts and Small Ships) (Jersey) Regulations 2013
 Shipping (Safety of Navigation) (Jersey) Order 2009
 Shipping (Distress Signals and Prevention of Collisions) (Jersey) Order 2004
 Shipping (Employment of Young People) (Jersey) Order 2007
 Shipping (MARPOL) (Jersey) Regulations 2012

Additional guidance and details are available in MGN538 (M) - [MGN 538 \(M\) Pleasure Vessels - Guidance and Applicable UK Regulations](#)

I hereby certify that the equipment held on board meets the requirements of the relevant column of the above tables. Furthermore I confirm that the equipment is in-date and serviced in accordance with the manufacturer's instructions and that the EPIRB (if applicable) is registered with Falmouth MRCC.
