REGULATION 18

LIFTING OPERATIONS

OPERATORS OF CRANES AND CERTAIN LIFTING APPLIANCES

No crane, excavator, fork-lift truck, mechanical grab, mechanical shovel or piling machine shall be operated by any person unless:

- a) *the person's employer, or the owner of the crane or appliance, has certified that the person is competent for the purpose; or*
- b) *the person is operating the crane or appliance for training purposes under the direct and constant supervision of a person who has been so certified;*

and the employer or owner, as the case may be, shall keep available for inspection by an Inspector any Certificate given under this Regulation.
