

COMMUNICATION SERVICES

	2012	Proposed Increase	2013
--	------	-------------------	------

LABOUR RATES*

Electronics Engineering Assistant (EEA)	£61.75	2%	£62.99
Section Manager & Electronics Engineer	£99.87	2%	£101.87

* Note 1: These charges represent the professional rates that apply to rechargeable jobs. They may vary depending on the nature of the work undertaken but will not be exceeded other than by annual review. The minimum labour rate charged is the internal charge-out rate plus a margin of 17%.

* Note 2: Annual and maintenance service agreement work is generally tied to the value of the system or equipment under maintenance or the service provided, in line with industry norms. The related charges are generally based on the type of system / equipment being maintained, eg - fixed equipment / systems are typically 12-18% replacement cost; mobile / external equipment is typically 15% replacement cost; portable equipment - up to 18% replacement cost (including replacement batteries where applicable)

VEHICLE INSTALLATION CHARGES (BASED ON THE EEA LABOUR RATE & INCLUDES ALL LABOUR AND MATERIALS)Contract Customers
