Dear Deputy Gorst

I have spoken briefly today to both Minister Lewis and Minister Ozouf and mentioned that as a matter of some urgency we would like to arrange a meeting to discuss the issue of Export of Guernsey's Residual Waste.

We have reached a point in our implementation project where we have to make some definitive decisions on our various options, and of course would wish to have exhaustively explored the previously discussed option of Jersey being our preferred partner in this regard, before moving to the next stage.

Sadly at the moment it would appear unlikely that Jersey would reach our short list of destinations into the next phase of our project planning.

Having spoken to both my Chief Minister and Treasury and Resources Minister, we all felt an early meeting would be both appropriate and helpful.

I would ask that our respective officers liaise to find an early suitable date to meet, we are happy to come to Jersey, but equally if you prefer to meet in Guernsey that too is fine. As it happens I am in Jersey this Wednesday the 10th April anyway should that option be worth considering, and could flex my other business commitments if required to.

Yours sincerely

█
