Hi [REDACTED]

See email trail. Can you reply to both [REDACTED] and [REDACTED] please.

If weather proofing is required (?) then we ought to be going this on not the user.

Thanks

Barclay

Subject: New North Quay Skate Park - Request to undertake works
Importance: High

Good afternoon Barclay

Hope you are keeping well

I am writing in relation to the email set out below from a [REDACTED], who has made contact to request consent from PoJL to undertake work on the NNQ Skate Park.

Though PoJL is the Landlord the asset is not ours, as such I am not able to grant [REDACTED] consent.

I can make contact with [REDACTED] directly and pass [REDACTED] on to you (if you remain the point of contact) or onto another contact with in GoJ (if you can confirm who that is)

Alternatively please can you make direct contact confirming that this has been done.

If agreeable to GoJ and these works do go ahead, and if Landlord's consent is required under either Building by Laws or the Planning Law, PoJL would look to support (counter sign as landowner) GoJ with the required application.

I look forward to hearing from you.

Regards

Subject: Request for approval

To whom it may concern,

My name is [Redacted] and I have been wanting to weather-proof the skatepark ramps in preparation for the rainier and colder months of the year. I would be willing to purchase all necessary materials in order to do so; however as the land where the skatepark was built is not mine, I thought it only pertinent to request approval from an official organisation before I make any further steps in my simple plan.

If anyone who receives this email objects for any reason please let me know when it is convenient for you to do so. I understand that as busy professionals, your time is taken up by more important matters - however I feel it is sensible to ask before I go ahead and add the materials to the wood.

Yours sincerely,

[Redacted]
