Please find attached a letter (signed Service Level Agreements not included) that I will delivering by hand (with all attachments) to the Department today.

This enables the application to be re-advertised with sufficient time before the Planning Committee of 25th August, when I understand it has been rescheduled to be heard.

[REDACTED] I remain open and would welcome the opportunity to discuss the terms of any POA with the Department or any concerns that might remain about the purpose of the scheme.

Regards,
