- ██████████ ██████████ and I are fully in favour of your latest venture. If it wasn't for philanthropic guys like your good self Jersey Tourism would be in the doldrums for the next decade. All the very best ██████████

Look after your neighbours , make sure their happy , your plans are on their doorstep , not your own .

Like · Reply · 2d 3

Tamba Park We have to think of the island as a whole not the minority unfortunatley, and if the plans get passed i will be a neighbour, but rest assured we are doing eveything we can to ensure our neighbours are looked after.

Hi I think your plans are great and it is so refreshing to have someone with such imagination and creativity with our small but beautiful island. Can we clone you please?! Good luck ! Jersey and CI needs more investors with your vision

Like · Reply · 2d 3

Thanks ,you have answered every question ,I have put forward ,without any double talk ,which is refreshing ! I wish you well in your development. Thinking outside the box is what jersey needs right now ? We have such a beautiful island , having lived on Sydney harbour for over 10 years ,jersey is still a place of stunning beauty!

take it there would be big logistical and planning issues if you were ever to try to put a pool up there, but going with the whole centre parks vibe it's always good when the weather isn't and works for the older kids as well.

Tamba Park That would be nice but not at tamba, fort regent could be the answer to that though!

- ██████████ Sounds like a really well thought out idea, I've always hated turning off the main road on that bad bend. Good Luck!
