Your ref;-P/2017/1023 Retreat Farm

Dear Sirs

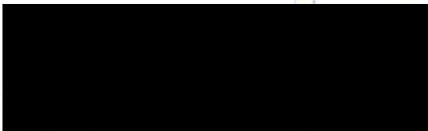

I'm aware that the enquiry is about to start this month.

I've an additional matter that I want to put to the enquiry.

When I wrote on 24 August – para.3 - I mentioned that “the Old Living Legend is no more”. What I didn't know at the time was that that site is now to be put down for housing. This development confirms the fear articulated in that paragraph which is that housing will always seek to move into a derelict space and that so long as land is not obviously an open working field then the planning authority has an excuse to permit it to be developed for housing.

As I said in my letter I'm against the Retreat Farm project, but this latest piece of information only goes to reinforce my fears and objections.

Yours faithfully

M P Pinchard

C.C Christine Self
