Your comments:
 10,000 Islanders signed a petition against any development - 7,000 Islanders stood in a line - including me - along St. Owen's Bay signalling our objection to new developments along the coastline.
 Twenty eight new houses on the Plemont headland constitutes an estate. This land should be protected and enabled to become a natural habitat once again. Perhaps the Director of Planning should visit the coastline on the Costa Blanca, Spain & see what a mess that is !!?
