Your comments

I object that yet more of our beautiful coastline is being lost in the name of lining the pockets of a few. We have to protect what is left of our natural habitats and preserve them for future generations so they too can enjoy them.

The proposed plans are not feasible, not only will they be expensive but I do not believe the road infrastructure will support another 60 cars in residence not to mention those of guests and workers or trades people.

Therefore please consider denying approval of these plans and instead find a way to return the land to the stewardship of the people of Jersey and in time demolish the existing buildings returning the land to nature.
