

Solicitors

Attn:

Greetings from Solicitors and thank you for writing us again, I have wel noted your email, since you are relocating down to Jersey on an employment basis, before your employer's will be issued with your Jersey Residence and Work Permit / Visa they will have to present a valuable document showing while you are relocating down here; completion of Jersey / UK Employee Registration Scheme and procurement of Jersey Employee Registration Card and Certificate are the only documents that can be shown for this and the Government also insists that the incoming employee will be the one to secure these documents as it is believed that you are already gainfully employed before coming here. If on the other hand you fail to secure this requirement and start saying you do not have money for this formalities, the Government will deny you the necessary traveling papers as they will believe that you will be a liability on arrival down here; your contract letter with the salary which you are earning will not be enough to convince the Government on this.

If you issue me with the processing documents and fee needed for the completion of your ersey / UK Employee Registration Scheme and procurement of your Jersey Employee Registration Card and Certificate, your application will not be rejected because you already have an offer here and you are simply fulfilling the requirements expected of you. For the completion of this formalities you need to issue me with the scan copies of all the documents I mentioned alongside the processing fee.

GBP 960 approx 74,120.00 INR being the fee for the completion of your Jersey / UK Employee Registration Scheme and procurement your Jersey Employee Registration Card and Certificate should be paid into an Indian corresponding account and full Bank account details of the account will be issued to you on your confirmation of the date / day this processing fee of 74,120.00 INR will be paid by you. Cash deposit of the required sum being 74,120.00 INR should be deposited into the account that we will issue to you.

Kindly confirm by return email the date / day this processing fee of 74,120.00 IN so that we can issue you with the full payment details and directives; after 72 hours of receipt of the processing documents and fee your Jersey / UK Employee Registration Scheme will be completed and the soft copies of your Jersey Employee Registration Card and Certificate will be issued to you for your perusal while the hard copies will be issued to your employer's to enable them secure your UK / Jersey Residence and Work Permit / Visa. Thank you

Yours in service,

Advocate
