Action required if recommendation agreed	Principal Legislative Drafter to be requested to draft legislation.
Resource Implications	There are no new financial and/or manpower implications.

**Introduction**

Transport policy TR7 set out in the delivery plan 2022-25 of the Carbon Neutral Roadmap states that from 1 January 2023, owners of fully electric vehicles (or zero emission vehicles) will have the option to display a number plate that features a green marker as a visible signifier of their contribution to tackling the climate emergency. To support this policy and introduce this, amendments are required to the Motor Vehicle Registration (General Provisions) (Jersey) Order 1993.

**Recommendation**

To make the Order.

**Detail**

To request Law Draftsman time in order to make the necessary amendments to the Motor Vehicle Registration (General Provisions) (Jersey) Order 1993 to introduce the new style of number plate incorporating a green marker/flash which can be displayed on fully electric vehicles or zero emission vehicles.
